

**DNCLcheck**

**A Complete Do Not Call Solution for  
Real Estate Professionals**

# DNCLcheck Solution Overview

- DNCLcheck was founded by a Canadian Real Estate Agent to meet the very specialized need of Canadian realtors to comply with the Do Not Call List regulation
- DNCLcheck provides a complete solution for professionals and companies to comply. The benefits including:
  - instantaneous company private list maintenance
  - easy start up process
  - easy to use interface designed for even basic computer users
  - regular updating of the government Do Not Call List
  - money and time savings

# Private List Maintenance

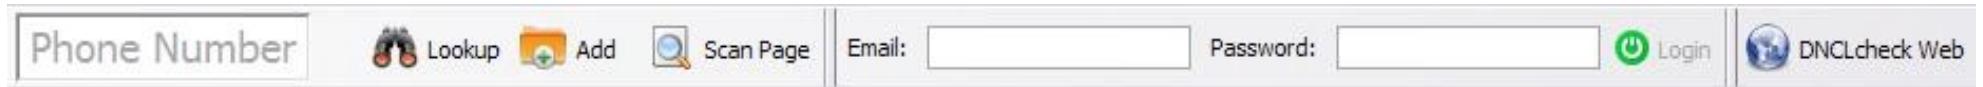

- Easy to add an individual to the private company do not call list with a click of a button.
- When an agent adds a number to the private company do not call list:
  - DNCLcheck system updates the list instantaneously with date, time and notes created by the agent
  - Updating is instantaneous, individuals that have asked to be on the company's do not call list don't get called twice (even though there is a 30 day grace period)
- Company administrator can access the private list at any time and review and download for their own records and for also providing due diligence in the event of a complaint

# Start-up Process

- The start-up process is extremely easy for a company
- Each company will register and have an administrator
- The administrator can add, edit and delete users with no delays
- Adding users only comprises of adding an email address, DNCLcheck emails the user who is then prompted to enter in pertinent information and complete their profile

# Easy to use interface

- Simple DNCLcheck Toolbar (for Internet Explorer 8 and Firefox)

- Designed for the most common methods real estate agents use to search for prospecting
- Numbers can be scanned on a webpage (eg.: Canada411), from a copied text (eg.: from a document or spreadsheet) or from an entered number with a click of a button
- Large font size is used on DNCLcheck to ensure ease of use with Intuitive color coding

# Government Do Not Call List Updates

- The Government do not call list is updated every two weeks by DNCLcheck, and thus exceeding the 30 day update requirement
- The company administrator does not need to perform this task
- The only thing the administrator needs to do is to keep the subscription with the Government up to date and notify us of any new subscription codes
- The administrator will be notified by email from DNCLcheck when the current Government subscription is approaching to the expiry date

# Save Time and Money

- DNCLcheck provides an easy to use interface for all users
- We provide training for complying with the do not call regulation for your company's real estate professionals
- We have easy help files and training if any is needed
- Adding, deleting and editing user information as well as accessing the private company do not call list is easy and quick for an administrator
- Low cost per user is a fraction of the cost of other competing do not call solution providers in the marketplace
